

ANGLICAN MISSIONS

# ANGLICAN INDIGENOUS NETWORK

Collaboration and unity across the global Anglican Indigenous community is important.

## PROJECT GOALS:

It ensures that spiritual and social development is grounded in indigenous values.

This project supports the Tikanga Māori Missions Council to participate in the Anglican Indigenous Network (AIN), providing the opportunity for Tangata Whenua to strengthen their siblinghood in faith and collaborate on solving global issues such as climate change.

This year, resources will be focused locally to achieve AIN's objectives which include ministry to indigenous congregations and tackling climate change issues.
