

PRAY THE NEWS

We cannot ignore the anti-immigration positions being provoked by politicians.

This is evident in the USA, UK, Europe, and New Zealand. While each issue is framed differently, the core messaging is the same: immigrants are coming for your jobs, your lives, and your culture.

We cannot invalidate the fears and concerns of those who feel threatened by immigration. But there are better ways to approach the issue than to simply dehumanise people who don't look or sound like us.

Addressing the root causes of migration, such as poverty, violence and lack of opportunities is a deeply biblical way to help those who have no other choice but to flee their homes.

TODAY, WE PRAY THE NEWS FOR IMMIGRATION:

Prayer points:

- We pray for compassion to see immigrants and refugees as our neighbours, deserving of love and dignity.
- We pray for protection and provision for those fleeing their home, and for opportunities to rebuild their lives.
- We pray for wisdom and solutions that address the concerns of native populations while showing compassion and justice to immigrants.
