

PRAY THE NEWS

The U.S. has passed a major federal bill that brings sweeping changes to public spending.

The U.S. has passed a major federal bill that overhauls taxes, immigration enforcement, and public spending—bringing sweeping changes to healthcare, food support, and climate investment.

The “One Big Beautiful Bill,” delivers tax cuts for corporations and high earners while reducing funding for Medicaid, SNAP, and the Child Tax Credit. Up to 17 million people may lose health coverage, and \$185 billion in SNAP cuts could worsen hunger in rural and low-income areas.

It also weakens clean energy support. Analysts warn emissions could rise by up to 12% over the next decade.

Supporters claim it promotes growth and security. Critics, including many faith leaders, say it risks deepening long-term inequality for the most vulnerable.

TODAY, WE PRAY THE NEWS FOR THE UNITED STATES.

- We pray for families facing hunger or healthcare loss, especially those already living on the margins.
- We pray for communities rebuilding from disasters, that they may receive the support needed to recover and prepare for what’s ahead.
- We pray for wisdom and compassion among U.S. leaders, that future decisions would protect dignity, fairness, and long-term wellbeing.
